About me

To work in a quality driven technical environment to promote growth of the organization by delivering the best of my creative ability.

Experience

23-April-2024 present
Rich System Solution Pvt. Ltd Nashik
Web Developer
Aspiring Full Stack Developer with a solid foundation in front-end technologies and a growing proficiency in backend development. Skilled in crafting visually appealing, user-friendly interfaces using modern tools such as HTML5, CSS, Bootstrap 5, React.js, Tailwind and JavaScript. Experienced in developing responsive, mobile-first designs focused on delivering seamless user experiences.
Familiar with backend development concepts, including RESTful API integration, database management with MySQL, and foundational server-side programming using Core PHP, Laravel. Adept at collaborating with teams to implement functional designs and align application features with user needs.
Eager to leverage strong front-end expertise while further developing backend skills to contribute to the creation of innovative and scalable web applications.

Internship

March-2023-september-2023
Manasvi Tech Solution Pvt.Ltd Nashik
Jr.Fullstack Developer
During my 6-month internship program, I successfully honed my skills in HTML, CSS, Bootstrap, and JavaScript. I collaborated on developing responsive and visually appealing web pages, effectively integrating Bootstrap components to enhance user experience.
I also demonstrated proficiency in crafting interactive elements using JavaScript, contributing to a more engaging and dynamic website interface. My ability to efficiently troubleshoot and debug code played a crucial role in maintaining the overall functionality of the projects I worked.

March 2024-April-2024
MotionCut
Web Development My internship: Building an interactive web pages Utilizing HTML ,CSS And Javascript I brought creativity and functionality together seamlessly.
